ABOUT ME

As a Computer Science Engineering major, I am eager to combine my curiosity and creativity to solve problems. My communication skills and strong work ethic make me a valuable team member on every project I work on. I look forward to sharing my experience and professionalism with athletics organizations that value the power of data analytics to improve evaluation, strategy, and performance.

Men's Basketball Analyst

Southern Illinois University Edwardsville (Current)

- Collaborate with coaches to develop analytics strategies that improve team performance
- Develop unique rating systems that analyze practice data, optimize strategy, and rate player performance
- Build programs with RStudio that generate pregame and postgame reports with advanced statistics and opponent vulnerabilities
- Use machine learning to find opponents' strengths and weaknesses in order to maximize win potential

IT Department Intern

Truck Centers, Inc. (2023 - 2025 Summers)

- Built employee computers (installed software, managed necessary hardware, registered new computers with corporate domain, etc.)
- Assembled and installed technology equipment throughout corporate headquarters

Assistant Athletic Director

Father McGivney Catholic High School (2022)

- Updated social media accounts and athletics website on a daily basis
- Counted and recorded admissions and concessions earnings
